BLESSING TO YOU.

In these difficult days, as a church, we wanted to send you a Christmas Card, as a token of hope and friendship and to let you know that we are available should you need support or someone who is prepared to listen.

We have listed the services which we would like to take place in December at the Parish Church, in the season of Advent, but we are realistic and know that some or all of them may be cancelled or others may be included. We shall keep our website, A Church Near You and Facebook pages updated so that you will be able to check.

A hundred years ago a young lady was making her way home from work late one evening. She got off the train at the station and it was pitch dark with no street lighting. Whilst still some way from home she spotted a light and headed towards it with more confidence. It was a parent who had come out on to the main road with a lantern to guide her daughter safely and lovingly to home.

In these dark pandemic days may the true Light of the World be your light to guide you safely as you journey. And may we reflect that light in our community.

Every blessing from
