

# Hearing Impaired Provision Newsletter

Issue No.35

Autumn 2021

*Another very different and busy school year is drawing to a close so it's a good time to reflect on just how much hard work our children have done in spite of the interruptions and swaps between in-class teaching and home-learning*

*In the HIP all our students have worked hard to catch-up where necessary, and to then achieve their attainment targets. We are so proud that they have all done so well.*

*Unfortunately our weekly clubs have had to be set aside for now in order to maintain the integrity of our bubbles, but we have enjoyed a variety of activities in the HIP.*

*We wish you a happy and healthy Christmas!*

## Term Dates

### Spring Term 2022

Mon 4th Jan — Fri 1st Apr

(H/Term 14th Feb — 18th Feb)

### Summer Term 2022

Weds 20th Apr — Fri 22nd July

(H/Term 30th May — 6th June)

## SANTA VISIT WITH PETER RABBIT

On a wet blustery day a very excited group of children (and adults!) set off for Milton Keynes to see Santa Claus.

When we arrived we had a little snack and took some time to look at the beautiful Christmas displays. There were craft cabins and a carousel ride and even a stable with baby Jesus, Mary, Joseph and the animals.

Before we went into Santa's grotto, we met Peter Rabbit, Miss Tigglywinkle, Mr. Todd, the fox and Squirrel Nutkin. We then crawled through a secret tunnel and decorated biscuits with icing.

Soon it was time to see Santa. He was very jolly and he used sign language when he spoke to us! Everyone was given a lovely Peter Rabbit book to take home.

And as if this wasn't all exciting enough, guess who we happened to see while we were eating our lunch? Why, it was Mrs. Taylor!

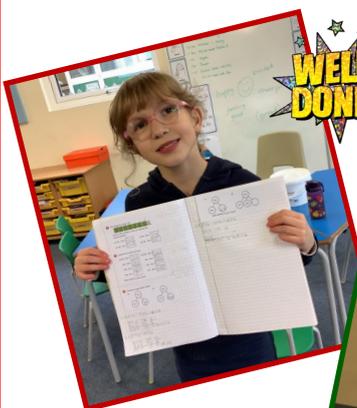

What an exciting trip! Thank you Mrs. Crellin

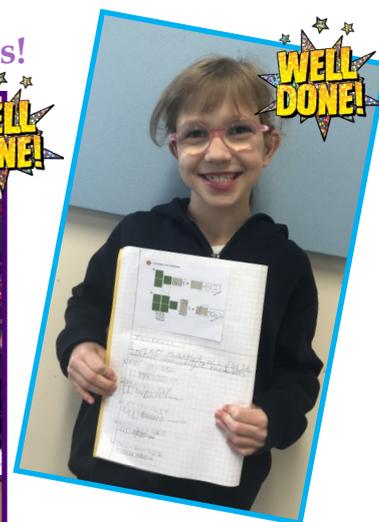

Nursery children had fun making masks. Look at this fabulous owl mask!

We enjoy sharing stories.

We are so proud of our HI students!

We all meet together for one session a week in the HIP to enjoy stories and play together. Here we are listening to The Wide-Mouthed Frog. Afterwards we played with cars and 'drew' in shaving foam. All of these activities help to build social skills and extend vocabulary.
